

THE COASTER

**President's Message
August 2016**

Well, it looks like summer is finally here. I actually saw the sun today. The club seems to be going great. The members participation in club functions and willingness to help the club is what makes a club work.

Any members who have paid their dues and have not received the dash plaque or membership card, please let me know.

This year we will be in the Rio Dell Wildwood days parade on the 13th. This is our first time in this parade, so lets have a good showing. We will head to the river bar after for some play time. Our next run will be a tour over the "Lost Coast Trail" and a campout for those that wish at Usal Beach. This will be on Sunday the 21st.

Some of us have discussed going to the Oregon Dunes over Labor Day weekend. E-mail me, or call and we can set up a meeting place and time.

Hope to see all of the members at the runs and meetings.

Remember, dues are now past due and this may be your last Coaster if you are in arrears.

Carl

2016 Officers:

A Parade and some fun on the river bar

We met in Fortuna at our regular meeting place for the parade. We had a good showing with twelve members rigs to line up. The parade seemed to be quite a bit bigger this year than last year with a lot more spectators. It took a little longer than usual from start to finish, but it went well.

After the parade, about half of us went to the river bar for some follow the leader, and some mud running. It's interesting, as the river bar doesn't seem to have many people down there tearing it up. That might be due to the closure at Fernbridge along with Tony's signs. Actually it's kind of nice as we seem to have most of the river bar to ourselves.

Anyway, the run went quite well with a few challenges. The hill climbs seem strange, as they are covered with a deep coating of silt and no fresh tracks. Makes it real interesting, as we are not sure of what they will be like until we kick the silt off of the climb. The trails are getting a little grown over, but nothing we can't plow threw.

No real problems or breakage on this run, but Alan did manage to bury his Jeep in some deep mud. Worked out well, as Abe got a chance to learn how to snatch a rig out with the strap.

Another fun day for all the members.

Remember, next Saturday is the Rio Dell parade with another river bar run after.

Carl
